REPORT BACK ON HIV & ME PROGRAM

The above-mentioned school hereby wish to congratulate SASOL and facilitators from HIV & ME by giving such important and useful information to our grade 8 & 9 NS and LO educators for the better future of our learners.

We are very much happy and impressed because these lessons encouraged our learners in gr. 8 & 9 to disclose their status. Parents/Guardians also not afraid to disclose the status of their children to the school.

According to our view, this program is an additional tool to our School Based HIV/AIDS Policy.

Can you please give this information to all school in the FS Province and extend it to community gatherings.

* HOD (LO) & COORDINATOR HIV & ME : M.L. TLADI

TO WHOM IT MAY CONCERN

The school wishes to thank HIV & Me together with Nandos for everything they have done for the school.

The knowledge we obtained as educators together with our learners will be a lifelong one. The facilitator did her work with great enthusiasm and determination which led to us being the host school to be more willing to disseminate the information to other educators, learners as well as the community at large. Thanks to Yolanda, a principled lady who does her work with integrity and wonderfully. For the mere fact that the module^s encompass the learning outcomes of our NCS, that has eased the burden on educators with regard to methodology when lessons are being presented. Thanks for being the fortunate school to be offered this opportunity, we are going to utilize this knowledge to our level best.

Thanks also to NANDOS for their contribution and information they gave us in connection with assistance to people who are affected with HIV. The information is vital and we are now aware of the kind of assistance we can get from NANDOS. Please don't forget us in future when such projects are in progress.

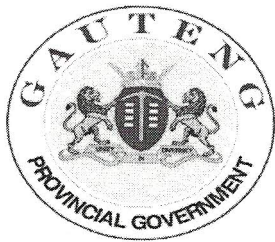

Thanks a lot.

Yours faithfully

E.B. MONGOATO

Letter of appreciation

The school would like to express their gratitude to Rand Water, GDE Ekurhuleni South District and HIV & Me for providing them with such an informative workshop about HIV and Me.

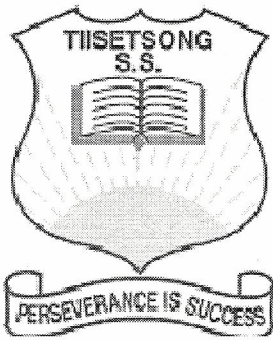

Showing us practically how the transmission of the HIV virus occurs, spreading by attacking the immune system happens, brought to us the reality and better understanding of HIV and Aids facts.

We also appreciate the fact that every educator was given a resource file, this will ensure that life long learning is maintained at the school

Please keep on educating the nation. We also promise to cascade this knowledge to our colleagues.

Thank you
LO & NS educators

To whom it may concern :

This serves to confirm that Tiiset song Secondary School educators for Life Orientation and Natural Science were trained in how to deliver HIV & Aids material effectively.

We would like to thank S C Johnson – a Family Company for supporting the school to take part in the training workshop which was conducted at the school on 4 August 2010. The workshop was professionally conducted.

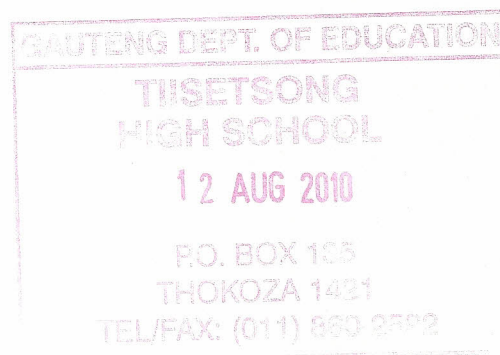

We also thank HIV & Me for the delivery which was flawless. The facilitator did his job well.

Tiiset song is very grateful for being given such an opportunity. We believe our Educators and learners will benefit from the material provided as well as the knowledge shared during the training workshop.

Thank you S C Johnson and keep on supporting our under privileged community through education. This is one of the ways of empowering our learners who would also spread the word in their families and communities they live in.

Thank you

Mrs Ramaisa M.L.
Deputy Principal.

TO WHOM IT MAY CONCERN

Wedela Technical School would like to thank Harmony Gold for funding the HIV & Me Teacher Training Workshop which took place at the school on the 18th of March 2010. Besides the educators who were trained, members of the community were also trained through their NGOs which are Isolomzi Home Based Care and Thabo Merafong Home Based Care. The Department of Health also had two representatives who attended the training workshop. That is Ms Feziwe Fiti and Mr. Lovias Matihabe.

We also thank the Department of Education – Gauteng West for allowing the Technical School to take part in the Training as well as coordinating the event from Randfontein.

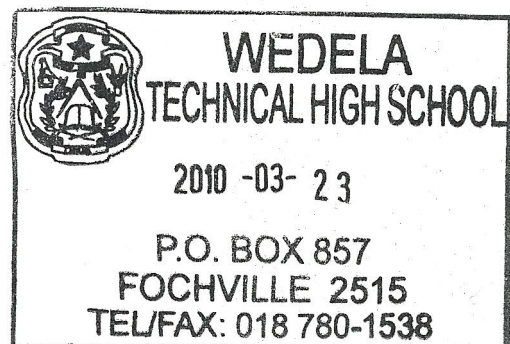

Finally we extend our sincere gratitude to HIV & Me for the training and materials. It was professionally conducted. The educators enjoyed the various training methodologies which were used to present the training.

Thank you all for the support. We hope you will continue to support the school in future and make a positive contribution to our community with regards to HIV & Aids.

Regards

Ms A.N Buthelezi

TO WHOM IT MAY CONCERN.

This confirms that the EVRAZ MAPOCHS' representative of HIV/ME, Mr Buyi Zulu, has conducted a two-days training workshop on the 30th-31st of August 2011 in respect of HIV/ME.

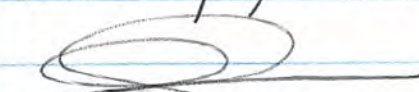

Four (04) educators did attend the workshop and found that the programmes were very interesting and informative.

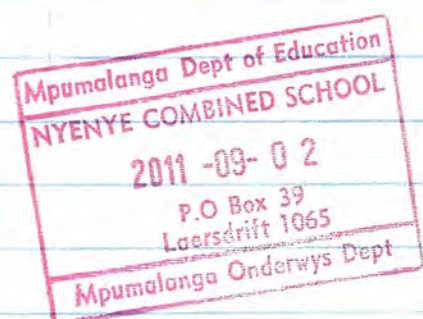

According to our views concerning the programmes, we're going to recommend the programmes of EVRAZ (HIV/ME) to other nearby schools and the community at large.

We're highly thanking the EVRAZ MAPOCHS for considering our school to be part of the sponsors' programme.

Hoping to find this in order.

Thanking you in advance.

TESTIMONIAL

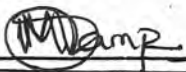

This is to certify that ENRAZ (MAPOCHS) has offered us (educators) in Shopiane Primary school the HIV and Me training.

We have found that the training is informative and beneficial to us as it has brought light to us about some of the things which we were unable to explain to learners about HIV/Aids.

I think it would be of importance if all schools will benefit from this programme.

All in all I am thanking the sponsors and the facilitators of this programme in offering this informative workshop.

HIV & ME WORKSHOP

This communiqué serves to testify that MR BUYI ZULU, from HIV & ME in partnership with **EVRAZ MAPOCH'S** conducted a HIV & AIDS workshop for Grades 6 and 7 in Natural Sciences and Life Orientation at our institution on 10 and 18 August 2011 respectively.

The two day workshop was successful as the feed back we got from the trainees is positive.

Hoping that our partnership will grow from strength to strength to combat the HIV and AIDS pandemic at our institution in particular and our village in general

Yours in Education

To whom it may concern

Re: TESTIMONY: ME. C. SWARTBOOI

It is a pleasure for us to testify about me. Swartbooi as follows:

The moment that me. Swartbooi entered our school premises, we could sense that here is someone with a lot of enthusiasm and energy. She does have a very positive attitude and it was easy for me to leave my teachers in her professional hands as her whole approach was one of professionalism.

The teachers enjoyed the training thoroughly and they are very excited to implement the new information and skills. I could sense that they really enjoyed the training from the first moment right up to the end.

Even her conversation with me as the principal was a very pleasant experience and it was a pleasure to deal with someone so positive for a change.

She is definitely contributing in a big way to the HIV&ME Project.

Thank you

TO WHOM IT MAY CONCERN

This serves to confirm that Mr. Mugauni Spencer facilitates HIV&ME workshop at our school from the 12th and 15th of August 2011. He came again today the 19th-08-2011 for pre-evaluation.

We have learnt a lot from him about HIV&ME programme and we suggest that let this not be the end but the beginning of working together to help our communities to face and fight this pandemic. Hoping for the best from you.

Yours in Education.
Hlakudi (Ms)

RE: SPENCER MUGAURI

I, the undersigned Mapole Bryce Teboho, acting as the Deputy Principal of the above mentioned school hereby declare that the above mentioned person visited our school on the 22.08.2011 and 23.08.2011 to facilitate the workshop on HIV and AIDS.

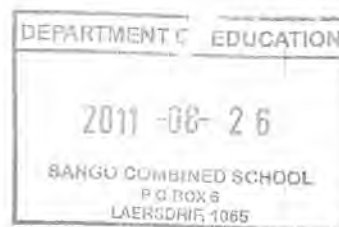

He also visited our school on the 25.08.2011 to give support to the grade 6 and 7 Life Orientation and Natural Science teachers in presenting their first lessons.

As a school we found the workshop to be very much beneficial and supportive to teachers.

We are looking forward to working with your organisation in the future.

Yours faithfully

MAPOLE B.T.

TO WHOM IT MAY CONCERN

Sir/Madam

This communiqué serves to confirm that Mr.Mugauri Spencer has conducted a workshop on HIV & ME at the above – mentioned institution.

He effectively offered HIV& ME workshop with ablomb and great precision.

He is remarkable and practical young man full of discipline, dedication and determination.

Mr.Mugauri can rise to occasion when least expected and become a strong teacher to reckon with. You under – estimate Mr.Mugauri at your own peril. He is a marvel to watch especially when coming to practical matters based on HIV & ME.

He is the young man of knowledge, wisdom and foresight. The man on whose face one can build ones absolute trust. And in terms of presentation, Spencer can work wonders.To taunt your HIV & ME taste buds, give him a chance to demonstrate a lesson. He Will make your mouth waters and sharpens your Life Orientation appetite.

In the light of the above, I consider him fit to conduct workshops of this magnitude nationwide.

Yours Faithfully

Mr.Mashegoane M.T.J

re: Testimonial about HIV & ME lessons offered

1. This serves to acknowledge that EVRAC MAPOCHS and HIV & ME are offering lessons to Grades 6 and 7 learners specifically for NS and LO. The programme is of great benefit cause learners will be fully informed about this HIV & AIDS disease and they would at the end of the day know where to get help and who to consult if need be. They will also make informed decisions and help others.
2. Thank you and keep R.B. Mmone, it up!

Yours faithfully
Masha M.A (HOD)
